

Foreword

It is with great pleasure and wonderful joy that I welcome you to this issue of Voice of Victory a production of Victory Christian Ministry (VCM).

Victory Christian Ministries is a diverse family and community of members regular to the message of God's unconditional love and doctrine of Jesus in the Church, community and the world.

We are Church based on reaching out to the lost souls in our community, country and allover the world. Our heart beat is to fulfill the great commission Jesus assigned us (Matthew 28:19-20). That is our main goal in Ministry. We preach the word in season and out of season (2Timothy 4:2). We carry out this gospel campaign in diversity. Apostle Paul is our good example; he became everything in order to

win some to be saved (1Cor. 9:23). We use all ministries and strategies to get the lost to the faith of our Lord Jesus Christ. As a result we have seen a tremendous harvest of souls. We can say, glory is to God.

On behalf of Victory Christian Ministries, it is our joy to promise to continue ministering to you. Voice of Victory is one of our ministries established to bring hope and victory. If there is anything that we can do and offer to make you reach your destiny, please let us know. We have dedicated ministers and saints ready to serve you in prayer, love and care.

Remember that you have an open invitation to join us during our worship on Sundays and other Church programs. We look forward to sharing and celebrating your breakthrough of faith.

Pastor Dorothy Binwe.

My Turning Point

In 1990, the disease in my chest worsened which disorganized my health and working life for a number of years. I tried all medical and traditional doctors for treatment but my health continued to deteriorate. At one point, a doctor prescribed treatment for Tuberculosis which nearly terminated my life because it wasn't Tuberculosis. Instead of getting better, the whole body started swelling and even my tongue was almost getting out from the mouth. My husband came under constant pressure from his relatives to send me away and get another wife but he resisted and did the best he could.

In 1992 one of my friends told me to fast with them at their Church (Pentecostal) so that God could heal me. I accepted straight away (moreover I had spent long without eating because of this disease) and during the evening prayer of that day, *I felt a sharp pain once and when it released, I never felt any more such pain until now.*

A miracle had occurred in my life! I ran straight to the Pastor who was leading the prayers at that time and shouted, "Salvation"! I believed with him in prayer and I repented my sins there and then before the Church congregation. We prayed throughout the night and, when I returned home the following morning, I told Charles (my husband) about the good news of my salvation and the automatic healing of my strange disease. He barked at me, saying that I had ran mad and that I should never "*say such stupid things*" before him again.

I did not need my husband's advice. Instead I joined a nearby local Church – Victory Christian Centre and continued to attend the usual Church services, the daily prayers, Bible studies and the women fellowships. I insisted and my husband realized that I was serious in my relationship with God, he (my husband) gave up the idea of interfering with my Church programmes. Despite my tight schedules with Church activities, I ensured that my services to

him (Charles) as a wife were also not interfered with. I kept faithful to him despite his excessive alcohol drinking.

In 1994, my husband invested in a business for me. He bought all the equipment and cosmetics required for a beauty salon. Unfortunately, the devil was at work, my salon business premises were broken into and all the equipment and cosmetics were stolen. This hurt my husband Charles so much, because his money, which he had received as a reward of being the best at his University was now no more and yet it was our only hope for survival.

Due to our meager resources, we could not now afford staying in the city centre; we had to shift to the suburbs where we owned a small piece of land. We then struggled to build a small house and God helped us in all ways. I had to travel daily to go to my mother Church for fellowship and ministry. I was already involved in women ministry and evangelism.

My calling started when God began to speak to me to pray for my area for two years. This area had a stronghold of witchcraft, the spirit of religion most especially Catholics, drunkenness and immorality which caused many people to die massively such that we had to bury every other day. I had to ask God why he had brought me in this troubled community. God gave me a specific scripture (Jer 1:10). I started to stand in the gap for the people in intercession and fasting. However, this community did not want see anybody saved and to hear anything to do with salvation. Whoever got saved would backslide, so when I stood seriously with my God they became my enemies and started persecuting me, but God strengthened me.

After two years, God gave me a new assignment of preaching to these people. I used to go from house to house alone preaching to all kinds of people so that they can accept Jesus as their personal Savior. I used to be despised and rebuked because of being

I have seen people getting healed from various diseases like; impotency, barrenness, witchcraft, cancer, tumors and many others.

Personal Profile

Childhood and Education

I was born in 1967 to a peasant family in Kitoba village - Hoima District in Uganda, East Africa. By the age of 3, I found myself living with my paternal grandmother in Bulemezi. I was told that my father married multiple women, my mother being the first one.

My Mother had abandoned our father's home and gone to get married elsewhere leaving us behind (3 boys and I, the only girl).

When I was 4, grandmother died. When she died, my mother fetched me and brought me to Kampala where my father lived with another woman. There I found my two younger brothers, two half brothers and a half sister staying with our step mother. After staying with her for sometime, she got fed up with us and demanded that father takes us to Kitoba village. He complied.

After a short time in the village, our father got another woman who started torturing us when father abandoned her and went back to the city. She starved and restricted us. When father delayed to come back, she abandoned us and went away. In the meantime; Father brought another woman who had four children from another man. This one also tortured us severely as revenge against Father dumping her in the village. She later threw us out of the house and we had to move to a grass thatched kitchen for our shelter. My burden was now twofold; looking after my siblings from my own mother and the other three children and enduring additional harassment from the new mistress. "Where is my mother?" I would always cry.

Being the eldest, I had to come to grips with the reality of leading the whole lot of children since the new mistress later on took on alcoholism and prostitution.

Later on this new mistress totally threw us out of the kitchen and we had to build our own grass-thatched hut. Then one day, coming back from fetching firewood, I found the hut accidentally burnt down by my young brother. I cried bitterly!

After some few months, our step mother packed her belongings and went away with her children whom she had come with because she did not see our father, for he usually came at home once in a year to pay our school fees.

When our father heard that she had gone, he came home. We gladly welcomed him because we saw him as an angel. He stayed for only one night and went back in the morning.

We were left in the village alone, and being the eldest, I became a mother to my brothers and sister. Since then, life became more miserable. I used to go and dig in people's gardens and they could give me food and bring it to my siblings. Sometimes I gathered jackfruit seeds, cook them and eat as food or I would go to the forest and uproot wild yams (Kaama) for a meal. One day in the forest, thorns pierced me severely causing heat and swelling in the foot. However, there was no medication and all I could do was to carry a jug of water to cool it and continue searching for food.

After sometime our house was getting dilapidated, so I prepared some mud to repair it. One early morning, as we were repairing the house, we saw a lady coming from a distance, inside me I felt that she might be our Mother because I was told that I resembled her. Indeed she was, we then rejoiced but she instead cried because of the condition we were in. She then went to our paternal Uncle requesting him to let all of us go with her. He restricted her to only take her biological children. I pleaded to leave with the 3 other children but in vain. So I went with only my two brothers.

*Did you
know that
Jesus can

from scrap
to the
stage?*

When we reached our mother's home in Bugerere, things became worse. My mother had 11 children in total that she got from 4 men including my father. Having a very big piece of land, we would wake up at 4:00a.m to dig until dusk. I don't know what had happened to her because she made us to work like slaves, in other words; she had no love for children. Especially being that I was the only girl among 10 boys she had, I expected special love from her as a mother which I did not see! She abandoned paying my school fees and instead paid for the boys, because according to her, I was just a girl who was about to get married anyway. So I had to remain home doing donkey work that even if I fell sick she did not treat me but giving me pain killers, claiming that "if you get married, won't you look after a family because you're sick?" However, I thank God for he was preparing my life for an enlightened future (Isaiah 60:15).

Later on, my father was informed that my mother had taken me and that I was not in school, he rushed to my mother and took me away with him to Kampala. I was taken to Kololo High school in Kampala near where he lived with another woman. When father took me to school, I felt a lot of peace and joy for he told me that he loved me so much because I was named after his mother. My father's love was short lived because when the step mother realized that my father cared for me she made a provocative statement saying that, "you're having sexual intercourse with your father". These words seem to have had a lot of charm because no sooner had she said them than my father stopped paying school fees and caring for me. Then, I was in senior two.

I had no option but to look for odd jobs. I worked as a porter in Makerere University Faculty of Fine Art, where I had to clean and slash the compound. When I had saved some little money, I started paying my school fees. I joined Bashir High School, Wandegaya where they had evening classes and nearer than Kololo High School; I could work in the morning and then go to school in the afternoon. But in S.4, the school required me to study the whole day because I was a candidate. I couldn't manage this because I had to work in order to get the school fees. When the going became tough, I decided to join a Catering course at Young Women Christian Association (YWCA) in 1984.

As time went on, I got a boy friend (Charles Binwe), who was a student at Makerere University in his 1st

year. He used to give me some money and also take care of my needs.

At the age of seventeen (17), I conceived for the first time we met. So I could not continue with education. Then I had to leave my father's home and went to stay within Lumumba Hall at the University. I thank God that this wonderful boy friend of mine never let me down.

Still in my boy friend's hall of residence, I gave birth to our first girl child Donnah.

Donnah Birungi

I had to leave and look for somewhere else to stay,

for we could no longer stay in the University hall. I went to a certain man within the University in the Faculty of Veterinary medicine who helped and gave us (me and my baby) a small part in his kraal. The animals (cows) were on one side, and we on the other. We were there for about two weeks.

My boy friend (husband) struggled to get some money and rent us a single room. We were so poor to the extent that we could even lack what to eat. My husband struggled to sponsor me for a course in Beauty and Hair Salon. This training enabled me to get employed for some years but later decided to start my own business. We were able to set up a salon and beauty centre shop to support ourselves as humbly as possible.

When my husband completed studies he took long to get a job. However, he took on part-time teaching in schools so as to earn a living.

In the late 1989, I conceived our second baby. The situation became harder in a way that I couldn't continue with my job of hair plaiting where we used to get small income to earn a living because I had a severe chest pain. As such, it forced me to return to my mother's village to live with her. Then on reaching the village, the situation worsened because my mother chased me out of her house saying it was a taboo to live with a pregnant daughter. With great pain, I had to build a small temporally hut with my hands within two days and stayed there with my pregnancy till I delivered our second daughter by the names of Bainomugisha Daisy in the year 1990. After one week, my husband came and fetched us back to Kampala and started a new life.

Bainomugisha Daisy

During the period 1991-1992, when I had just delivered our first baby boy Colin Baingana, my husband left for his Master's Degree course in Nairobi Kenya. He left me behind to look after the family.

Colin Baingana

My husband would once in a while send some of his savings to me for the family. He came back in 1994 after he had completed his Master's Degree. In that same year, we wedded officially in Church (Victory Christian Centre, Ndeeba).

In 1995, we got our second and last baby boy Caleb Bigirwa.

a woman. God began to touch people's lives and they accepted the gospel positively, many were healed and delivered from demons after praying for them. Those who believed Christ, I brought them in my sitting room every Wednesday for night prayers. When the number increased, I informed my senior Pastor about it and he encouraged me to go ahead with the evangelism and gave me this scripture (2 Tim 4:5). My Pastor ordered me to take the Church out from my sitting room because of my husband who was not yet born-again. We had to rent another place and many people joined.

My enemies did everything to see that the Church doesn't stand. They used to visit the new converts discouraging them with many despising words that I am a woman and not fit to be a Pastor. I also began to be discouraged and despised myself. But the Lord spoke to me every time I got discouraged (Acts 26:16-18), (Isaiah 41:10-16) and I decided to stand alone with God. During that period, I used to spend all my nights outside praying and seeking guidance from God. The Holy Spirit told me, "before I formed you in the womb, I knew you before you were born, I set you apart, I appointed you as a Prophet to the nations" (Jer. 1:5).

Pastor Dorothy Binwe interceding

In 2002, my husband (Charles) allowed us to put up a temporary structure at my home compound and, in the same year, my Pastor advised me and sent me to a School of ministry known as Pompom. I graduated in November 2003 with a Certificate in Ministry.

Temporary Church structure

In the same year, my husband Charles accepted Jesus as his personal Savior. He is very supportive of the ministry. In 2005, we agreed that we give our land and house to the service of the Ministry; semi permanent structures were put up to act as the Church. As we were still staying in the same house, the Lord blessed us with another plot (piece of land) where we constructed our residential home. The existing residence is now serving as an orphanage because we have many orphans with absolutely no support and I have a calling to help them. We believe this will happen in order for us to enhance the kingdom of God.

I have seen God's hand upon my life, in Church and across the country in both seminars and crusades. I have seen people getting healed from various diseases like; impotency, barrenness, witchcraft, cancer, tumors and many others. Many people have living testimonies up to date. I have seen mad-lunatic people totally healed. I give counseling to married people and have seen many marriages getting restored.

One time I was preaching in our area, I was approached by a very famous witchdoctor. This man was known and feared by all people. He was very rich but his demons told him to sell everything. He sold his houses, businesses, land and cars in order to build a magnificent shrine to appease the demons. By the time he approached me for help, he was on zero point. He told me that at his age of 47 he had never had any meaningful sleep because he had not built a shrine which demons told him to construct. After building the shrine, the demons asked him for 20 heads of

people before he could get healed. It was during this stress that he met his Jesus when I was preaching at one of the crusades in our area. I prayed for him in the power of the Holy Spirit. To my amazement, the demons began to shake him. He was totally delivered and he is a very active Christian.

With his approval, we burnt down his magnificent shrine but later came under pressure from his relatives who took us to Police and arrested us. They accused us of having burnt their source of riches and blessings. Miraculously, God brought an Inspector of Police who found us being quizzed by the Police and the local authorities who demanded an explanation for their acts. He demanded that he should be taken to the site of the shrine. On reaching there he was amazed by the appearance of the place. It looked as if it was a place of sacrifice for people. So he asked the claimants of the shrine to be arrested instead. They ran away. Again God delivered me from my enemies (2 Tim 4:17). To God be the glory.

Statement of Faith

God;

I believe in one God but in Trinity (Father, Son and the Holy Spirit)

The three in distinctive offices with different functions. (2cor.13:14)

The Word;

The Bible, the Scriptures, both Old and new Testaments, are the inspired Word of God without error in the original writings, and complete revelation of His will for the salvation of men, and the divine and final authority for all Christian faith and life. (John 1:1).

Jesus Christ

Jesus Christ is true God and true man, having been conceived of the Holy Spirit and born of the Virgin Mary. (Matt. 1:23) He died on the cross, the complete and final sacrifice for our sins according to the scripture. Further, after three days, He arose bodily from the dead, ascended into heaven, where he's sitting on the right hand of God, the Majesty on High, He is now our High Priest and Advocate. (Heb. 10:12)

The Holy Spirit

We believe in the baptism of the Holy Spirit by the sign of speaking in other tongues. And also we believe in the manifestation of the nine gifts and fruits of the Holy Spirit. (1cor.12:8-10).

The Fall and Reconciliation of Man to God;

We believe that man was created in the image of God but fell into sin and is therefore lost. It is only through regeneration by the Holy Spirit that salvation and spiritual life can be obtained.

The shed blood of Jesus Christ and His resurrection provide the only ground for justification and salvation for all who believe, and only such receive Jesus Christ as their Lord and personal Savior by faith, are born of the Holy Spirit (born again) and thus become children of God. (2cor.5:18).

Water Baptism and Holy Communion

We believe in the baptism of water immersion as commanded by our Lord Jesus Christ. (A symbol of death and resurrection into new life). (Matt. 3:13-15). The Lord's Supper is a memorial service setting forth in sacred and symbolic manner the death of our Lord Jesus Christ; all true believers and only believers should share in it. (1Cor.11:24-25)

The Church;

We believe in the Church as the body of Jesus Christ as established governance of his kingdom on the earth, which through the gospel of the kingdom is preached to all human kinds. (Eph. 4:4)

The Second Coming of our Lord Jesus Christ;

We believe in the second coming of our Lord Jesus Christ and the rapture of the Church. (Matt.24:30-31)

Judgement;

We believe in the eternal judgment of both the just and the unjust. For the just, to the Judgment Seat of Christ and the unjust, to the Judgment Seat of the Father for eternal perishment in hell. (Rev.20:11-15)

We believe

that man

was created

in the image

of God but

fell into

sin and is

therefore

lost.

A Determined Woman

Pastor Dorothy: Mother, Inspiration, Talented Pastor, Prayer Warrior, Community Member, An Earthly Angel

*Vision is the

Dorothy The Pastor

In the Bible, there were some women God called, anointed and used for his glory but were few compared to many men God used. As Deborah in the Bible (Judges 5:7), she was a judge, a prophetess and mother to Israel, so Pastor Dorothy has a caring, passionate and loving heart to the flock God has committed to her. She has time for everybody from the highest to the lowest with a humble heart. Pastor Dorothy has been given the gift of teaching the un-compromising word of God which grows the body of Christ with spiritual maturity.

Pastor Dorothy is incredible in her unique charisma and passion for the kingdom of God. Some ministers describe her as an incredible woman of God. She has got leadership qualities that are amazing.

Pastor Dorothy the prayer warrior

Pastor Dorothy is a no nonsense woman as far as intercession prayer and supplication are concerned. God

The Cathedral as it stands today

has armed her with power and might to set captives free and destroy the kingdom of Satan (Psalms 18:32). This has been illustrated in her ability to free Nabbingo community which had been infested with poverty, witch craft, religion and immorality but through her prayers and intercession for the people, the community is now set free. (Luke 2:37)

Pr. Dorothy is mother of four lovely children

Dorothy the Mother

Pastor Dorothy carrying baby Moses

Pr. Dorothy can be described as; passionate, faithful, loving and patient. Her desire to love children, the requirement to have faith to provide for them, the patience to endure, and the passion to comfort and unite the family are indispensable. She is a mother of four sweet children of which the first two are girls and the last two are boys. Indeed God answered her desire of children. Apart from the four biological children, God has blessed her with many other spiritual children, these include; orphans like Bamuhimbise Moses whom she took when he was only one day old after the death of his mother. The mother died immediately after delivering him on 11th Oct 2007. Also she takes care of desperate and needy children. As a mother this practice has been over twenty seven years. Many who have gone through her motherly hands have made good families. Surely Pastor Dorothy is a real mother to our generation.

Dorothy the Initiator

The story of Pastor Dorothy as an initiator is wonderful from early childhood. One day she discovered how to make a local beverage from blackjack seeds(bidens)

which they used in place of tea leaves. Another time she made black jelly out of soot and petroleum jelly.

No wonder when she grew up, she initiated many things including women and economic empowerment groups. When she became born-again, that brought a great turning point of her innovative gift.

When she planted the Church, God brought more men than women and that led to the birth of men's ministry through seminars, workshops, conferences among others.

Dorothy the Evangelist

She is so passionate to the lost souls that she can't wait for them to come to church. There she has got an outreach ministry of Gospel campaign (Prov 11:30). This has brought a tremendous harvest of souls both in our community and many places in the country.

Dorothy the Counselor

God has blessed Pastor Dorothy with the ministry of counseling in all areas of life. These include the desperate, dis-functioning marriages, those bound with demons, financial bankruptcy among others. This ministry has brought tremendous outstanding testimonies. As a result, it has attracted many people from different areas and walks of life in that they have got answers to their problems.

Dorothy the Mentor

Mentoring is parenthood of developing people's potential and abilities to reach their goals and destiny. As we mentioned earlier about Pastor Dorothy as a mother, she is a good mentor altogether; she has mentored musicians, Pastors, evangelists among others.

Dorothy the Visionary Lady

Artist's impression of Victory Word of Faith Cathedral

Vision is the imaginative insight that gives one ability to look into the future and carve oneself a niche in it. Pastor Dorothy has got a great vision as can be seen in the ongoing church construction, the orphanage, vocational school etc. (Isaiah 60)

Dorothy the Earthen Vessel

"...But we have this treasure in jars of clay to show that this all surpassing power is from God and not from us" (2 Cor 4:7). Despite all described about Pastor, she is a down to earth woman of God, and she is approachable, understanding because she knows that she is just a vessel used by God to serve His people.

Challenges

Challenges are inevitable in life. Behind the scene of all the great things that are happening in the life and ministry of Pastor Dorothy, there are many challenges. As the saying goes "No challenge no change". However, we thank God; all in all He has never left us alone. We are more than conquerors (Rom 8:37).

Striking the Balance

She attributes her ability to strike the balance between her numerous commitments to prayer, submission to her dear husband and the understanding that the family is her first ministry and therefore desires equal if not more attention than all other ministries.

Backbone

Dr. Charles Binwe

Dr. Charles' Uniqueness

Dr Charles can be compared to Boaz who was the husband to Ruth (Boaz means strength). Boaz was a good husband to Ruth who was a

Moabitess, and God used him to restore the fortune of Ruth and his mother-in-law Naome (Ruth 4:10-13). There are no enough words to describe Dr Charles Binwe, he has a sense of humor, passionate, determination among others.

Dr. Charles Binwe the Husband

Dr Charles Binwe is the husband to Pastor Dorothy Binwe who has proved to be a good husband for over twenty seven years now. As described above (to be like Boaz to Ruth), he is loving, caring, kind, gentle to mention but a few.

Dr. Charles Binwe the Father

Despite the hardworking and busy schedule, he has much time for his family as a father. He is a father of four biological children and other adopted ones which makes it a big family. But Dr. Charles always fulfills all the duties and responsibilities as a father. Family photo and Group

Dr. Charles the Counselor

Dr Charles can be described as an Ahithophel of the Bible. The counsel and advice he gave to David in those days was equal to the one he inquired from the Lord (2 Samuel 16:23). Dr. Charles has been both a good counselor and advisor to Pr Dorothy and the Ministry at large.

Dr. Charles the Supporter

Since the planting of Victory Word of Faith Church Int. (VWFCI) Dr. Charles has been and is still a backbone financially and materially. He has stood with Pastor Dorothy in Ministry, in all odds, obstacles and all other needs.

Dr. Charles the empathizer

He has a gift of Empathy and mercy, he always gives encouragement in trying moments and will move an extra mile for someone in trouble. His slogan is always, "you can make it". Indeed Dr. Charles is a gift to both the Binwe family and the Victory Ministry.

Healed from Chronicle Tuberculosis (T.B)

In 1989, at the age of thirteen years (13), I was attacked by a serious cough with blood in the sputum. I was taken to Hospital and the doctor's report revealed that I had chronicle T.B. From that time, we visited many hospitals for treatment, but all in vain.

Then in 2010, I accepted Jesus Christ and I came to Pastor Dorothy Binwe. She prayed for me and God healed me instantly. I went back to hospital to conform that I was healed. Medical tests were made afresh but results showed that I was free from Tuberculosis. I give God the glory and honor for healing me.

Healed from Asthma

I was born Asthmatic. As a result I found a lot of difficulty in breathing whenever it was cold which affected my academic performance. My parents took me to many hospitals but there was no remedy. This went on until my ordinary level when my Pastor, Dorothy Binwe prayed for me during an alter call. Since then I have never experienced asthma attacks. I give all the glory and honor to God.

Total Deliverance from Madness

My daughter, Damali Esther suffered from madness since her senior six (S.6). During her dreams, demons harassed her sexually, giving her sleepless nights. We took her to many hospitals, Churches, and Pastors but nothing changed.

One day, we heard a pastor's preaching

over the radio which impressed us. So one Sunday, with a sister we prepared to meet the man of God. However, on our way to his church the sister got divine direction to get off the Taxi before reaching. Immediately we alighted, we saw a signpost leading to Victory word of Faith church. We followed it and found them at service led by Pastor Dorothy Binwe. We met the Pastor after the service, she prayed for her and even the Holy Spirit led her to keep the girl for a year. God totally healed her and to prove this she was sent for a computer course which she did successfully.

I give all the glory and honor to God.

Mrs. Catherine Bigita.

Healed from Brain Affliction

Through peer pressure, I was led into taking drugs like marijuana which damaged my brain and made me insane to the extent of moving naked. I dumped my wife with 5 children and moved aimlessly. This situation took a period of 2 years. One time I moved and stopped at Pastor Dorothy Binwe's church unknowingly. The ministers at that church who received me took me to the Pastor, she prayed for me and I was healed instantly. So from that time I came back to my senses. I am now working and married with a healthy and happy family. I glorify the Lord for that.

Yoke of Impotence Broken

In 1992 at the age of 40, I got married and our happiness lasted for only 2 ½ years due to impotence and to make it worse, we had no children. My wife was patient with me for another 9 years, hoping that one

day I would get well. However, the situation worsened and she could not bear it any more, so she left.

In 2004, I also decided to leave Nyakishenyi my home village for Kampala to look for jobs and have a change of life style. While in Kampala I stayed with my sister.

By divine arrangement, I met Pastor Dorothy Binwe Preaching at a crusade. She made an Alter call in which I responded and after the prayer I went to her privately and inquired if it was possible for me to be delivered from impotence. She said it was possible and asked me to meet her at church the following day. She prayed and anointed me and told me only to have faith that God had healed me. Then I took her words and at night, my brethren, the Lord manifested him self that nothing is impossible to him because when I woke at around 2:00 am, I found myself erect.

In the morning I ran to Pastor Dorothy Binwe to tell her what had happened. I asked her whether at 51 years I could also get a wife to marry. She told me that it was very possible and again she encouraged me only to believe God, which I did.

Within 3 months only, I found a beautiful woman to marry. In January 2005 at the age of 52 we wedded, and God blessed us with a beautiful daughter that very year. Right now we have 3 healthy children. So I really glorify the Lord for what he did for me.

Mr. Mbabazi L.

Premature Child Death Terminated

I accepted Jesus Christ in July 2000, by then I had a wife and a child. Although I had accepted Christ, I suffered from the yoke of premature child death. Our 1st child died in 2000 at 1 year, the 2nd in 2001 at 9 months and the 3rd in 2002 at 7 months. My wife got fed up and left. However, my Pastor, Dorothy Binwe prayed for me and broke the yoke. I married in 2005 and God has blessed us with 2 healthy children age 4 and 2 years. I give all the glory and honor to Jesus Christ.

Cancer Destroyed

In May 2012, after a CT scan, I was diagnosed with a tumor in the ovary. A file was opened for me in the

cancer institute to be operated, after which I would undergo chemotherapy. I then brought the doctor's report to my Pastor, Dorothy Binwe who prayed over it and cancelled it. By God's grace I went through the operation well, the tumor was removed, tested and had no cancer. I give all the glory and honor to God.

Financial breakthrough

I am a member of Victory Word of Faith Church at Nabbingo. I am the Church Administrator as well as financially supporting the Ministry.

I was once rich at some point working, but I got caught up in a lot of things. So I lost all my money and property, so I went back to zero. I got rejected by everybody and I decided to get saved. Nobody convinced me; I just forced myself to run to Christ because of all I was facing. With time he led me to Victory Word of Faith Church, Pastor Binwe prayed for me, then after her prayers, things began to change. I kept on coming again and again and I also started sowing some money in the Church whenever I could until things changed totally.

Now am strong in Christ, and married to a beautiful and loving wife (Dorah), am also successful in business among others. God has done wonders as a result of my family members seeing my progress; many of them have become saved. I tell you, whenever you give to God, you receive blessings. It is more blessed to give than to receive. Besides, this Ministry has helped me recover my life and wellbeing. The Ministry of Pr Dorothy Binwe has transformed my family, finances, personal life and many others that's why I feel honored and blessed to contribute towards the Ministry programs and projects. Giving to God and prayer is what has brought blessing to my family and businesses.

Delivered from Rectal Prolepsis

Believe me, I got pregnant and got healed from rectal prolepsis. I spent ten years in marriage without a child, but at one time I could appear to be pregnant though after sometime it would go off. One day I decided to join Victory Word of Faith Church and the Pastor prayed for me. I went home and after some few weeks, I discovered that I was pregnant. Time came and I gave birth to a beautiful baby girl. When my baby was three months old, I was attacked by rectal prolepsis. When I went to Mulago hospital, the doctor told me that I needed operation, I looked at myself as I could not afford the money for operation, so I went to Pastor Dorothy who prayed and anointed me and instantly the disease disappeared. I give glory to God.

Arinaitwe Joy

Delivered from demonic possession

The hand of God upon the woman of God healed me. I joined Victory Word of Faith Church, when I couldn't walk or even put on shoes because I used to feel a lot of heat in my feet. All my business had collapsed, so my daughter (Aidah) brought me to the woman of God. When Pastor Dorothy prayed for me, demons disappeared. All my businesses were restored and God has blessed my life and family, we are now happy. Glory is to God.

The Youth Ministry

recalled that the community was infested with witchcraft, immorality, religion, and ignorance which resulted in a high death rate. Another cause of death was HIV/AIDS. Therefore the burden to begin an orphanage was inevitable after realizing that over 30% of the children in the community were orphans. "He who gives the poor will lack nothing (proverbs 28:27)".

❖ **King's Grace Junior School**

King's Grace Junior is a Nursery and primary school. It is all embracing in that it enrolls both orphans and

needy as well as children from able homes.

❖ **Victory Christian Widows Association (VCWA)**

This project was founded by Pastor Dorothy Binwe with the aim of helping the widows to achieve their goal and joy which they lost after the death of their beloved husbands. So the Lord put a burden on her heart and started providing them with some basic needs such as soap, sugar, food etc. Then she set up for them a piggery and poultry keeping project in order to help them earn a better standard of living.

a) Ministry Mission Statement

This area and indeed most of the Wakiso District community is characterized by unemployment, juvenile delinquents, single mothers, single fathers, orphans and generally socio-economically poor people. Our Ministry is fully aware that most of the people are living

in a hurting environment and that it is only the love of Jesus that can change their lives and give them hope for their future. The Ministry, for quite sometime, has been involved in partnering with other Community Churches to win souls and retain them in the body of Christ. These activities include:

- The Television and Radio Programs
- Teaching the word of God among the new believers.
- Skills development among youths.
- Worship and praise
- Men's Ministry
- Women's Ministry
- Prayer and Intercession Ministry
- Ushers
- Welfare
- Sunday School Ministry
- Queen Esther's Ministry
- Married Ministry
- Hospitality
- Evangelism
- Support for the orphans through education, food and clothing, medical support, identifying and placing children in foster homes, recreational activities, and spiritual development (lifting their gifts and talents like singing, games and sports and preaching the gospel)

Blessings

Become	"The man became rich and his wealth continued to grow until he became very wealthy", (Gen 26:13). Its God's plan for us to become blessed and continue until we become very great in every area of our lives.
Lender	"..... You will lend to many nations, but you will borrow from none" (Deut 28:12). That is the effect and impact of God's blessings.
Expecting After when all hope had gone of being saved So keep up your courage, for I have faith that it will happen just as he told me, (Acts 27:25). Hope is the expectation of things that must happen.
Spirit of God	The spirit of the Lord is upon me, because the Lord has anointed me to preach the gospel to the poor..... (Luke 4:18). Avail your self to the spirit of God.
Super natural	"His divine power has given us everything we need in life" (2Peter 1:3). Its God's supernatural power that gives us all the blessings.
Increase	"May the Lord, the God of your father increase you a thousand times and bless you as he promised, (Deut 1:11). Its God's promise to increase us a thousand times.
Numerous	"But the Israelites were fruitful and multiplied greatly and exceedingly numerous, so that the land filled with them", (Exodus 1:7). God wants us to be numerous in the land.
God	"God's blessings bring wealth and he adds no trouble to it, (Prov 10:22). Get ready to receive God's blessings.
Success But skill will bring success (Ecl 10:10). The secret to keep success is to have great skills. One of the greatest reasons why people don't maintain success is lack of skill handling.
